Right to Education & Education Youth Ambassadors Mobilization by ITA
Living up to Article 25 A as a Fundamental Constitutional Right!

Idara-e-Taleem-o-Aagahi (ITA) has been engaged in mobilizing Education Youth Ambassadors (EYAs) across the country for tracking the Right to Education or Article 25 A through its social movements viz., ASER and the Children's Literature Festivals

With the General Elections in 2018 just 12 months away, it is important to stocktake on what the political parties promised to its voters /citizens.

ITA's RTE Teams have been researching on what the promises were and where does the reality stand inorder to equip EYAs to launch an advocacy drive in their neighborhoods, districts and indeed through their own platforms.

We hope that this information will help them focus on concrete challenges of education that need to be addressed; we also hope that what has been fulfilled by various parties shall also be highlighted based on evidence gathered at all levels.

The analysis has been drawn thematically across the major parties followed by what is actually presented on education commitments in manifestos of the specific parties.
