FOR RIGHT TO EDUCATION-SDG 4

SDG 4 (Education) of the UN 2030 Agenda for Sustainable Development (SDG) is the right to education. To achieve this goal, Pakistan needs to achieve the following targets under SDG 4:

1. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all. (Target 4.1)
2. By 2030, ensure that all boys and girls complete P-12 education. (Target 4.1.1)
3. Ensure equitable and inclusive secondary and post-secondary non-formal education beyond primary completion for all. (Target 4.2)
4. Eliminate gender disparity in primary and secondary education and ensure equal access for all girls and boys to不低于 secondary education. (Target 4.3)
5. Eliminate gender disparity in post-secondary education. (Target 4.3.1)
6. Ensure that all youth and adults, including those with disabilities, achieve relevant and effective skills development, including for employment. (Target 4.4)
7. By 2030, substantially increase the number of people achieving lifelong learning objectives. (Target 4.5)
8. Come together to achieve high-quality, inclusive, and equitable basic education for all. (Target 4.9)

In Pakistan, the education sector faces numerous challenges, including inadequate funding, poor infrastructure, and a lack of qualified teachers. To address these challenges, the Islamabad Metropolitan Development Authority (IMDA) has launched the Islamabad Education Fund (IFFEd) to provide financial support to students and schools. The fund is aimed at expanding access to quality education, particularly for girls and marginalized communities.

The IFFEd is a collaboration between the Government of Pakistan, the United Nations Development Programme (UNDP), and the World Bank. The fund is managed by the Islamabad Metropolitan Development Authority (IMDA) and provides grants to education projects that align with the UN's Sustainable Development Goals (SDGs).
